

Maison Sinnae, AOC Côtes du Rhône Villages Chusclan, Rosé, 2023

AOC Côtes du Rhône Villages Chusclan, Vallée du Rhône, France

PRESENTATION

Discover the Maison Sinnae cuvée, wines that illustrate the commitment of all of us, winemakers and employees, in making wines that are increasingly respectful of Man and his environment. Wines that defend a common vision: that of responsible production in order to guarantee a sustainable activity and to ensure its transmission to future generations.

THE VINTAGE

The 2023 vintage, despite a dry winter, witnessed the vines beginning their cycle. A rainy spring energized growth, especially for the Grenache. Summer heat exceeding 40°C affected yields, but the grape quality remains excellent, resulting in robust red wines, aromatic whites, and a vibrant character for the rosés.

LOCATION

This cuvée comes from the vineyards around the village of Chusclan, in south-east France on the right bank of the Rhône.

TERROIR

This cuvée comes from the mid-slope terroirs of Chusclan, with deep, red, well-drained soil. 10 plots from 5 HVE winegrowers are used to make this cuvée.

These plots, 50% Syrah and 50% Grenache, are managed without herbicides and are an average of twenty years old.

WINEMAKING

Traditional vinification, destemmed harvest, juice from bleeding and cold settling. Fermentation of the Syrah was carried out at 14°C and lasted 3 weeks, allowing maximum fresh fruit aromas to be released. The Syrahs were then left in vats for a week, during which time the lees were stirred to coat the palate and give the wine its smoothness.

The Grenache fermented at 16°C for 2 weeks, releasing notes of white fruit and exotic citrus.

AGEING

Once the Syrah and Grenache grapes had been blended, they remained in vats on their fine lees for over 4 months.
